When performing the Request Dossier action, you must be at Agent Harding's location. Choose a Victim or Suspect that you have knowledge of and then, checking the grid to the right, take the two Dossier Cards listed. After, you must move Agent Harding to a new location. The first time, move her to the first listed location (19). The next time location (52), then (17) and so on. Place a Knowledge marker on the track below to note where she will move to next. If she reaches the 6th location and must move again, return to the beginning.

EXAMPLE: Agent Harding is at location (52), and after performing the Request Dossier action, you move her to the next location listed: (17).
